Good Morning Kishore,

As a reminder, anyone who is moving to a new GSA contract will need to fill out a new CIW and send to the COR who manages that contract, to avoid the badge being deactivated and GCIMS account placed in an inactive status. With the holidays, I would recommend ensuring that process is put at a priority and conversations with the COR occur.

Hi Uma/Ali,

I will plan to provide the list by Monday morning, in summary 95% of the people are going to be on GSA projects (half of them on IAE, others moving to other GSA projects). Will provide the list of people moving to other agency projects, for those could keep the access for 2-3 weeks, as we may pull them for KT sessions part of O&M team, once everything is done on KT we could disable accounts for folks who are not supporting O&M, Reports and JPT teams.

Thanks
Kishore
